FOR IMMEDIATE RELEASE

Michael's House Institute Appoints New CEO to Lead into New Era of Excellence

Palm Springs, CA — September 12, 2024 — Michael's House, a longstanding provider of integrated treatment for co-occurring addiction and mental health disorders and part of Foundations Recovery Network, is pleased to announce the appointment of Jacquelyn Leath, BS, MS, as its new Chief Executive Officer. Leath is an agile, communicative and motivational healthcare executive with a proven history of leading organizations to success. Her leadership is marked by a deep commitment to clinical excellence, patient-centered care and innovative treatment solutions. Prior to joining Michael's House, she held key executive positions in several renowned treatment facilities where she successfully led teams, expanded services and fostered environments of healing and recovery.

“It is an honor and pleasure to be joining an organization that is recognized nationally for a reputation of being a trusted facility for substance abuse treatment,” said Leath. “My hope for the future of Michael's House is to grow the facility beyond what we have known so that we can provide services to more people in need. The nature of addiction continues to evolve, so providers have to be agile and capable of meeting the needs of each individual that presents for services. My confidence resides in Michael's house as we embark upon a journey of new discoveries and capabilities.”

Under Leath's leadership, Michael's House will continue its mission to empower individuals on their journey to recovery by offering comprehensive, evidence-based treatment that addresses both addiction and mental health challenges. Leath is deeply committed to patients and their families and looks forward to helping Michael's House continue to grow and flourish so that it can provide even more life-changing services to people in need.

Michael's House is a nationally recognized treatment center located in Palm Springs, California, known for its innovative approach to treating co-occurring addiction and mental health disorders.
